Global Partnership Monitoring: Enhanced Evidence for the 2030 Agenda

15th Steering Committee Meeting
22 April 2018
Washington, D.C.

Monitoring as the key Global Partnership contribution to the 2030 Agenda

The Global Partnership will:

Launch a strengthened monitoring process to collect timely evidence for SDG follow-up and review

- Agreed guidelines for finalising indicator refinement
- Launch 2018 monitoring round by June

Demonstrate its ability adapt to the 2030 Agenda

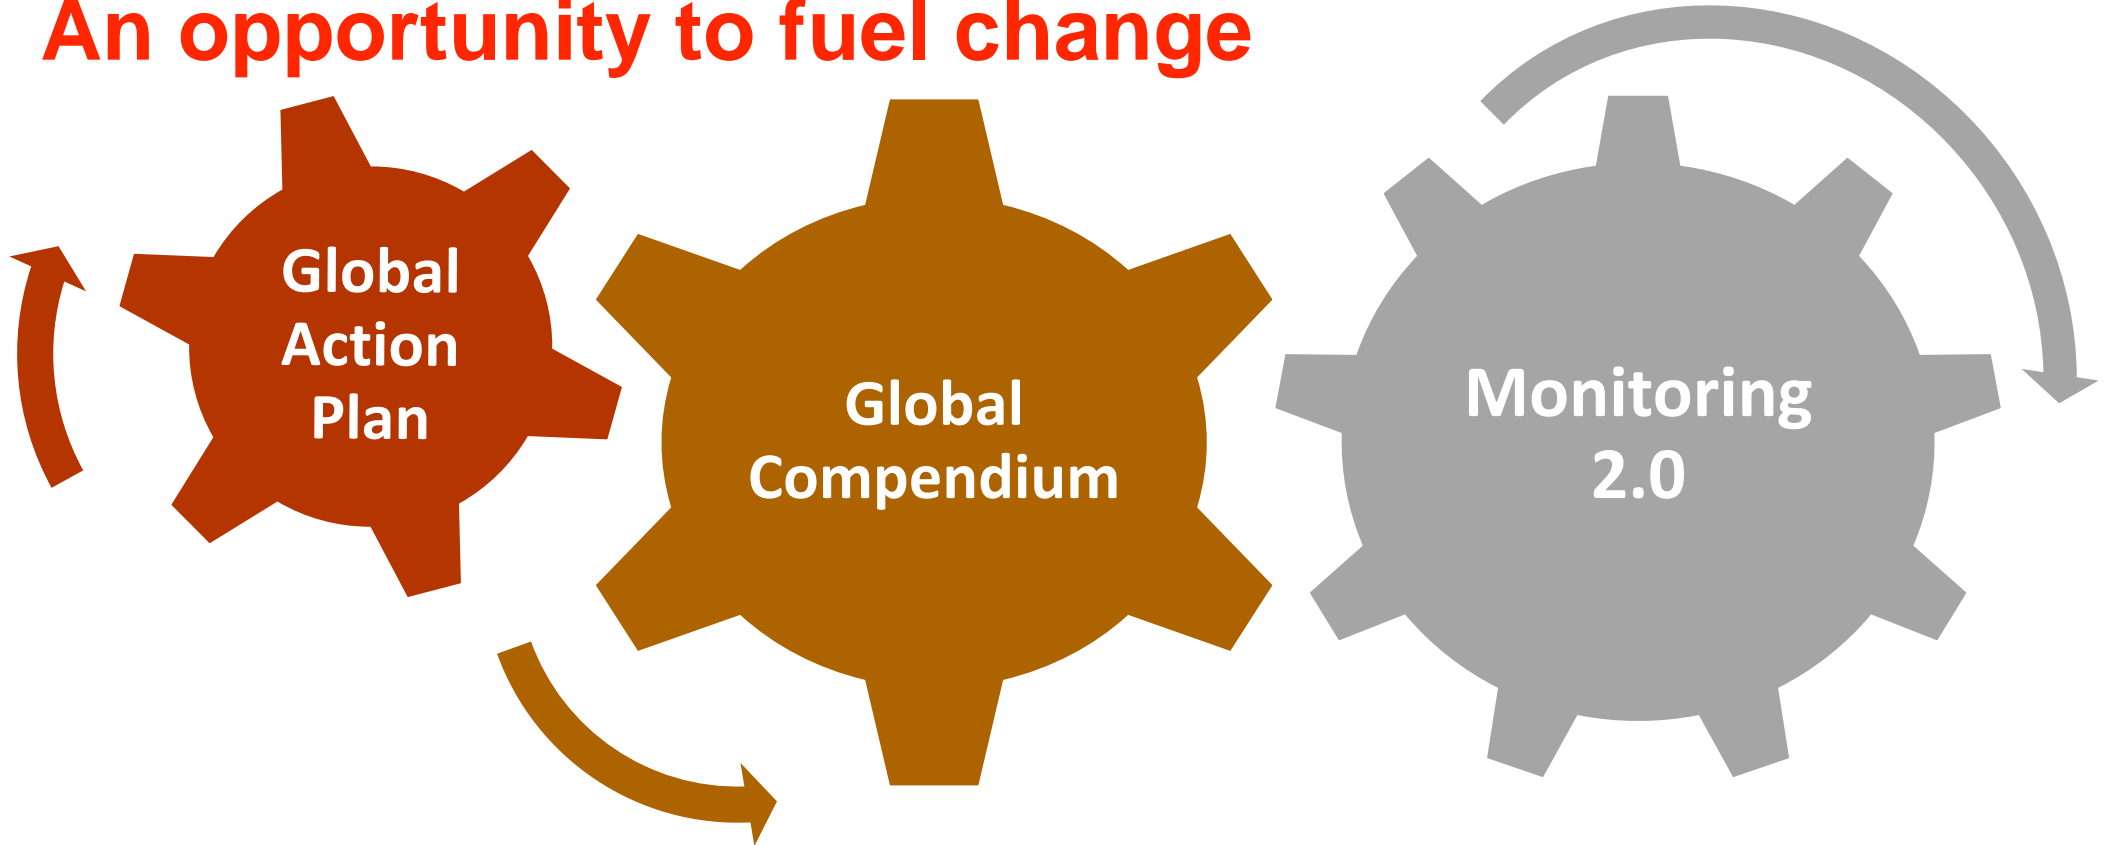

- Initial focus on fragility
- Working group to define roadmap

Respond to global opportunities as they arise

- Seize openings to adapt to new contexts
-

Global Partnership

An opportunity to fuel change

Delivering for 2019 will require:

Inclusiveness, accessibility & incentives
