Inception
February – April 2024

• **Scope of the exercise**: Fragility Adapted Questionnaire + Kampala Principles Assessment.
• **Bilateral meetings with key stakeholders** for monitoring process discussion and focal point identification by end February.
• **The official high-level launch** of the monitoring will take place in early April.

Data Collection
April - August 2024

• In April, following the official high-level launch of the monitoring, stakeholders will be invited to report through the Online Reporting Tool (ORT).

Data Validation, Review and Submission
September - November 2024

• Data will be submitted for JST review by August.
• The NC will review and ensure the quality of the reported data.
• Final data submission will take place after NC and other relevant reporting stakeholders jointly addressing JST feedback as needed.

Dissemination of Results and Transition to Action
December 2024 – February 2025

• Consolidated monitoring results and the country results brief will be shared with reporting stakeholders via email. Printed version will be generated if necessary.
• The results brief will be shared with other relevant stakeholders, including public entities receiving significant development cooperation.

Reflection, Dialogue and Action
February 2025 – ongoing until next Monitoring Round

• The Ministry of Planning and Economic Development (MOPED) and the Ministry of Finance will lead internal government reflection.
• A dedicated session will be held as a multistakeholder reflection forum.
• MOPED will engage in peer learning opportunities to share knowledge and experiences.
• Monitoring results are expected to inform the Review of Sierra Leone’s Development Cooperation Framework and VNRs.
